

PIO – A valuable information tool for clinicians and researchers in your country!

We inform your members and clinicians/researchers in your country about **Progress in Osteoporosis (PIO)**.

This regular online review journal, edited by Ego Seeman, provides critical reviews of the most important literature in the field of osteoporosis published in the previous few months. It includes **free download of figures** as PowerPoint slides!

To access PIO, one must be **registered as a free member** on the IOF website. Using your username/password, the journal can then be accessed at <http://www.iofbonehealth.org/progress-in-osteoporosis>.
